Council Orders Annexation of Sections 20, 29

Palm Springs City Council Monday directed City Attorney Jerry Bunker to start annexation proceedings for Section 20 and part of section 29, both on the south-east corner of the present city limits.

Section 29 is the location of proposed new municipal golf course, and Section 20 will fill in the incorporate area of Palm Springs from the north side of the golf course section to Ramon Road, taking in the Crossley Tract. Section 20 is an Indian section.

STILL UNDER CONSIDERATION is the annexation of part of section 29, located to the south of Highway 111 on which Laurey's Peak Ranch, Romanoff's On the Rocks, the Elk's Club, Ray Crea residence, and acreage belonging to Mrs. Pearl McManus is located.

BALL SEEKS SEAT ON SCHOOL BOARD

Palm Springs advertising man Everett L. Ball today filed his candidacy for election to the Palm Springs Board of Education.

UP FOR ELECTION this year are the board seats held by Frank Muller, a three-year member, and Don Williams, who was appointed to fill the unexpired term of former board president Fred Morrison.

In announcing his candidacy, Ball evinced keen interest in the expansion of the more capable learner program and expressed his concern for "the serious challenges now facing our school district."

State Speeds Overpass Plan At Ramon Road-Highway 99

County Supervisor George Berkeley last night announced that the State Highway Department has accelerated its plans for construction of an East Ramon Road-Highway 99 overpass at Thousand Palms.

BERKEY SAID THAT the annexation should be done by splitting the proposed area into two annexation parcels, Section 20 and the portion of Section 29 — north of the highway — which could be done through uninhabited territorial annexation — and the portion south of the highway.

THE FOURTH DISTRICT supervisor said engineering studies now under way for an overpass designed to eliminate the heavy Ramon Road - Highway 99 intersection accident rate.

But, he said, plans were revised so that a one-mile stretch from Cubic Road to Ramon Road was split and marked as a separate project. This, he noted, virtually chopped eight or nine years off overpass construction and moved it up to the immediate future.

BERKEY SAID HE was informed of the change in plans only yesterday.

"I thought the overpass development was practically a dead issue," Berkeley remarked. "I was

HE SAID HE recognizes the need for pushing school planning ahead of the city's "dramatic growth" and cited "adequate facilities, a richly varied curriculum, fine teachers and administrators" as requirements for producing the opportunity for "each student to learn according to his capacity."

Ball, a resident here since 1954, is a native of Los Angeles and a UCLA graduate. He was a Peabody Award - winning radio and TV writer in New York and later worked in Paris, London and Melbourne, Australia, in similar capacities.

HE WAS INFORMATION officer for the United Nations in Paris and New York for five years. He opened the Ball Advertising Agency here five years ago and has been a director of the Palm Springs United Fund and the Community Chest and is a member and former officer of the Lions Club.

HE SAID THE state will call for bids "within a month" on lights and warning blinkers.

MOUNTED POLICE TO HOLD ANNUAL MOONLIGHT RIDE

The Palm Springs Mounted Police will hold their annual evening ride and dinner tonight, and expect to leave from the Los Compadres clubhouse at 6:30.

More than 80 persons are expected to take part in the trek, which is known as the annual moonlight ride and smoke-out.

It is open to members and guests.

Police Jail Pair, Rout Teen Parties

Village Officers Break Up Rash Of Juvenile Brawls

Palm Springs police today continued to hold a close rein on thousands of Easter vacationing youngsters here as the traditionally hectic resort holiday entered its fourth — and comparatively quiet — day.

Belonged officers reported the teen-age Village flood has apparently toned down its capricious inclinations but police still managed to lasso eight youths on charges ranging from burglary to vandalism.

SCORES OF OTHER youngsters were roused from drinking parties or involved in various types of "malicious mischief" — including the demolition of a mail box by fireworks.

At least 36 complaints of juvenile misdemeanors, ranging from petty thefts to loud parties, were registered by police clerks, but officers in the field handled dozens more that were unlisted on the regular police bulletins.

AMONG THE YOUTHS arrested were two young men charged with looting the linen closets of three hotels to secure "bedclothes" for their outdoor slumber spots.

Robert Milo Young, 22, of Glendale, and Philip Delan Rowe, 21, of New Cuyana, were charged with burglary and petty theft.

FOUR JUVENILES were arrested after their firecrackers blew apart a mailbox at 254 North Michelle Road and one 17-year-old boy was arrested on drunk charges and turned over to his mother.

THE THREE DEAD men, Mrs. Craig and her daughter were all involved in an accident on Highway 195 near Mecca shortly after mid-day Sunday. Pickell was badly injured late Sunday night on Highway 74 near Palm Desert.

Elected were Lorraine Ives, secretary; Robert Cox, president; Horace Stott, treasurer, and (standing) Milton A. Hoffman, vice president. Outgoing president

Herman Lewis claimed the balloting was a "vindication of the actions of the Chamber and its board of directors during the past year." An immediate launching of a community-wide campaign to furnish funds for completion of the La Quinta Community Building was organized at the meeting. (Desert Sun Photo)

THREE AREA FATALITIES RECORDED OVER WEEKEND

Three people have died and three others were hospitalized with injuries from two major traffic accidents—including a spectacular head-on collision near Indio—occurring over the weekend.

Dead are Arturo Ortiz, 19, Eli-go Chavez, 21, and Armando Contreras, 20, all of Indio.

Injured were Bertha Craig, 44, Viola Craig, 18, both of Bell, and John W. Pickell, 27, of Palm Springs.

West Can't Lose With Firm Stand, Says Macmillan

WASHINGTON — UPI — British Prime Minister Harold Macmillan said today that as long as the western allies stand firm on their principles "the Free World has everything to gain from being ready to negotiate" with Russia.

He conceded in a statement on his departure for London that "the next few months will be a testing period for the whole Free World."

But he expressed confidence that the West "shall succeed" in the "tough task."

The Prime Minister noted that he had said upon his arrival here Thursday for his conferences with President Eisenhower that the differences between the western allies and Russia over Germany, Berlin "and so forth, ought to be settled by negotiation and not by force."

'Death Trap' Suffocates Explorer

Hundreds in Attempt To Save Trapped Student in England

CASTLETON, England — UPI — Oxford student Neil Moss, 20, died today in a corkscrew-shaped death trap 1,000 feet below the surface despite the heartbreaking attempts of hundreds of rescuers to pull him from the cave where he was trapped Sunday afternoon.

The husky build that had led Moss more than two miles through the tortuous tunnels and crevices of Devil's Hole cave proved his undoing. He was trapped in an 18-inch-wide limestone shaft, his broad shoulders jammed so tightly rescuers could not pull him out.

HIS DEATH WAS officially announced 44 hours after he first became wedged inside the Peak Cavern in the Derbyshire Hills. He became unconscious Monday and rescue efforts were redoubled but Chief Inspector William Sheffield announced today at noon:

"The boy is dead."

Police and leaders of the rescue teams tried to pull the body free from the crevice but a steady rain finally forced them to call a temporary halt.

THE AREA AROUND the cave entrance had been turned into a morass of mud and the caves were beginning to flood.

"If we tried to go the body out, some of these people would be two miles from the cave entrance and could be risking their lives," said a police inspector. "Everyone here has risked a lot to save a life."

TWO DOCTORS, who crawled through the slimy blackness to keep vigil near the dying youth, certified his death. One of them was RAF Flight Lt. John Carter who had piped oxygen into the limestone tomb in an effort to keep him alive.

But at last, the desperate attempts to keep Moss alive failed. The stale, foul air had balked rescue attempts finally snuffed out his life.

HUNDREDS OF volunteers had rushed today to the cave, a popular tourist attraction outside this tiny village, but they were too late. Rescue teams reported the situation worsening constantly and Carter hastened back to the 40-foot cleft to listen for his labored breathing.

Police at nearby Buxton broadcast an appeal throughout Northern England for rescuers weighing 100 pounds or less—men small enough to wiggle into the shaft where Moss was locked in a standing position. Hundreds responded but it was no use.

MOSS ENTERED the cave Sunday as part of an eight-man exploring party. He wandered off alone and became stuck in the narrow passage he was exploring.

"Help me, I'm stuck," were the first words he uttered to his companions. They could not move him and the next morning he lost consciousness, unaware of the great cave rescue operation—the largest ever mounted in England.

The operation stirred memories of the Floyd Collins saga in Kentucky's Mammoth Cave in 1925. Collins lived for two weeks. Moss lived for only two days.

CLEARING THE way for construction of the mammoth Palm Springs Spa bathhouse, workmen prepare to move the old Indian Bureau building, a Village landmark, from the new resort's North Indian Avenue site. Work is reported well under way on the first stages of a planned, multi-million dollar development that will be centered by the world's most beautiful bathhouse. Only a few more small structures remain on the property designated for Spa construction, the developers reported today. (Desert Sun Photo)

Area Property Owners Warned Of Tax Deadline

Resort area property owners were today cautioned to observe the April 10 deadline for second installment payments on their 1958-59 secured taxes.

County Tax Collector Donna M. Bower said taxpayers will be posted on the delinquency list after that date.

Miss Bower reported that the second tax charge for Riverside County for the year is \$31,869,395, of which \$21,396,671 has been collected to date.

She cautioned property owners that payments mailed to the County Tax Collector, at P.O. Box 946, Riverside, must be postmarked no later than 5 p.m., April 10, to avoid delinquency penalties.

DE CASTRO SISTERS, one of America's best-selling recording units, moved into the Chi Chi's Starlite Room Sunday for a four-day stand. The Cuban-born trio, sharing billing with Ray Hastings and Laura Frazier, includes a group of Latin melodies in their spectacular program.

CHI CHI 'ALIVE' WITH DE CASTROS

Cuba is famous for sugar, Fidel Castro and its tourist attractions but its best advertisement in years are three dark and shapely singers called the De Castro Sisters.

Almost from the moment they arrive on the stage of the Chi Chi Starlite Room, there's a switch in the environment. It's no longer just another supper club--albeit the most beautiful in the Western half of the United States--but a completely alive place that deals in wholesale excitement.

THE GIRLS--BABBETTE, Cherie and Olga rip through a repertoire that includes ballads, rock and roll and high melodies of their native Cuba. With three of the most distinctive profiles in vocal ranks today, the girls also lent a decided share of musicianly talent and showmanship to their program.

They did the tunes the public has loved--on record with such things as "Out of the Blue," "Boomerang" and "Teach Me Tonight"--drawing loud applause. They reviewed the "big tunes of 1958 with things like "Sugar in the Morning," Nel Blue di Pinto di

Blu' and "Tom Dooley" setting it up for a wild version of "At the Hop."

Joined by a versatile young drummer named Francisco Gonzalez, the girls utilized Latin tunes for an encore, delivering "Siboney," "Cuban Pete," "Balu" and "Anabacoa."

THE SHOW, assembled and conducted by Maury Dell, packed such a wallop for the opening night crowd at the Chi Chi that only the 2 a.m. curfew kept the girls from running on into morning.

The current Starlite Room show also unveils the dancing talent of an attractive young lady named Laura Frazier. She proved that the old routines are still the best routines, gaining her most impressive acknowledgement for her impressions of Astaire, Bolger and Eleanor Powell.

The take-off on Bolger, a funny little dance which Ray does to the tune of "Once in Love With Amy," was particularly well-timed. Bolger and his company are next feature for the Chi Chi, arriving Thursday.

A YOUNG COMIC named Ray Hastings, who made his mark via Jack Paar's nightly TV escapades, precedes the de Castros. Hastings, whose act is still a bit spotty in places, deals primarily in that obscure sort of humor known as satire.

"I never make fun of music," he says, then promptly launches into a tongue-in-cheek take-off on hillbilly music titled "Whiskey on the Brain" (which is second best to on-the-hill as a likely location for the liquid). After it's all over -- and when the crowd simmers down some, he observes that he's glad that everybody in the room appreciates good music.

Another sample of the Hastings wit:

"SOME PEOPLE impersonate Barry Fitzgerald. I do his brother, Arthur Shields."

His interviews with odd people -- like a 55-year-old actress still playing Juliet and a punchy Latin matador -- are enough to have people in superb mood by the time the de Castro cuties arrive.

And they, talented trio, just continue that status throughout the show. --G.L.

Stan Delaplane, humor columnist for the Desert Sun, has been given the 1959 National Headliner's Award for "consistently outstanding feature columns."

It was the second Headliner's Award for Delaplane. He won the feature reporting class in 1946 for his work on "The Ding Dong Daddy", a running news story of a 15-times bigamous streetcar conductor who forgot to get his marital transfers punched.

He won the Pulitzer Prize for reporting (under pressure of deadlines) in 1942 with a series on the 49th State — a movement by six California and Oregon counties to secede and form the State of Jefferson.

Elks Lodges Deserve Praise For Campaign Against Dope Traffic

Aroused and alarmed by the constantly increasing number of dope peddlers and addicts, particularly among the youth of the State, the California Elks Lodge Association has adopted as one of its major objectives a campaign to secure stronger laws and penalties as a means of curbing traffic in narcotics.

Attesting to the sweeping success of the Elks' efforts was the recent filing in the State legislature of Assembly Bill No. 119 which would make 30 year non-parole prison sentences mandatory upon conviction of dope peddling, the measure being supported by accompanying petitions bearing the signatures of more than 1,200,000 California citizens.

Inasmuch as law authorities agree that a considerable part of the responsibility for the continuing and rapid spread of narcotics peddling and use is due to lack of sufficiently heavy penalties for persons convicted of selling dope, severe tightening of the law in this respect with "stiff" sentences for violators is regarded as the first and most necessary step towards reducing dope peddling.

Any person proven to be an habitual

dope seller well deserves a 30-year non-parole prison sentence, if not worse.

However, since Assembly Bill No. 119 proposes only the one term of punishment and does not differentiate between "beginners" or the gravity of the offenses involved such as pushers and dope ring leaders, it is feared that in actual practice courts and juries may in many instances, and having no other alternative, free those charged rather than impose the single 30-year penalty.

This is, of course, a matter which can be worked out in final debate and consideration of the Bill prior to actual adoption. The important thing is that there is now a measure with "teeth" in it to curb peddling of opium, cocaine and their derivatives backed by more than a million Californians. This is certain to mean that within a few months hence much more severe penalties will be in force to curb if not eventually put an end to the vicious and ruinously degrading form of traffic for money.

The Elks Lodges are deserving of wide public praise for such substantial leadership and help in an outstanding movement to better the lives and living conditions of both present and future generations of California citizens.

Painful Thinking

WASHINGTON, D. C. — During a Congressional session the denizens of our capital city set a mad pace, but occasionally somebody gets a chance to sit and think, like this:

Exra Taft Benson, Secretary of Agriculture, thinks there's nothing much wrong with American agriculture that the Benson plan can't cure. What's the Benson plan? The Secretary gave this definition in a personal interview with your reporter:

"I WOULD ELIMINATE all authority to control production and to set price-supports above market prices. I would insist that all price-supports be related to the running average of prices over recent years."

But the interviewer respectfully suggested to the Secretary that much else was wrong with the agricultural community. Although Mr. Benson had mentioned a "surplus" of farm labor as well as of farm products, the Labor Department only a few hundred yards away was importing foreign farm workers in large numbers.

ACCORDING TO the latest figures, we are admitting 432,000 agricultural workers from Mexico who take jobs in 23 States as far North as Washington State and as far East as Michigan. We are receiving 13,000 Puerto Rican workers by contract and another estimated 13,000 non-contract workers who go into the Eastern States above the Mason-Dixon Line.

We annually take 11,000 British West Indians who work the fields from Florida to Minnesota, 7,000 Canadians who replace American workers in Maine and New York, 1,000 Japs who replace that many or more Californians.

THUS, NEARLY a half-million

non-Americans are brought into a country which has 4.7 million unemployed. Very close to the same number — 5.2 million Americans, to be more exact — are listed at Mr. Benson's department as "needy."

Since Mr. Benson took office in 1953, over 4.3 billion pounds of "free" food which costs the taxpayers over \$1.6 billion has been dished out to these persons. The Secretary was asked why Americans who were unemployed and "needy" don't go get the half-million farm jobs that open up each year.

The Secretary didn't have a ready answer to this one. He rooked back in his chair to think about it.

SENATOR HOWARD Cannon (D), the Nevada freshman, did some thinking about campaign promises. He had promised the people who elected him last year to support (a) Hawaiian statehood, (b) an omnibus housing bill, and (c) the Kennedy - Ives (now Kennedy-Ervin) Labor reform bill. During the middle weeks of March, all of these measures were tied on the floor or under discussion.

As luck would have it, this was just the time that Mr. Cannon, a World War II pilot, was offered a plush junket to West Europe. As a member of the Armed Services Committee, the Senator had legitimate reason for flying over to inspect the NATO bases and to fill himself in on the Berlin crisis. Well, he thought it over — and decided that his campaign promises came first. He didn't take the junket.

SENATOR ED Muskie (D) of Maine, another member of the star class of 1953, was pondering a curious aspect of his new job. Many Senators, he noted, took pride in voting for the big-mon-

ey, liberal bills. Many, for example, preened themselves on their bold strokes for education and "science" last year in voting for the National Defense Education Act.

But Mr. Muskie was his State's Governor last year when the results of that bill began to reach the institutions it was aimed to aid. Bowdoin College, alma mater of President Pierce, the poet Longfellow and the novelist Hawthorne, received exactly \$728 this semester as share of student loans. Bates College, proud mother of Mr. Muskie, got \$2,436.

Altogether the seven eligible educational institutions in Maine requested some \$300,000 and received a pittance of \$22,000. Sen. Muskie indicated that he'd sit and think awhile before voting big Federal funds. He doesn't buy the assumption that the money will amount to much when it finally reaches the intended beneficiaries.

SENATOR TOM Dodd (D) of Connecticut gets up at six in the morning and at times doesn't get to bed till one a.m. the next day. It takes him that long, he says, to read the newspapers and the committee reports, to meet the people who want to see him in line of business and to prepare a speech or two. It doesn't leave much time for thinking.

But Mr. Dodd is trying to formulate an idea about national defense which doesn't pertain to arms and soldiers. He thinks there is something very incongruous about wild nightclubs and lush living in times of danger like our own. He thinks it's hard to alert the country when public figures are seen in attitudes and surroundings of frivolous relaxation. It's just an idea — but the Senator is giving it thought. —Holmes Alexander

I just don't want
The way I feel
I know it's Spring
To do a thing.

At that, it's a glorious feeling.

REMINDS ME of a fellow I know in Palm Springs. He lists his occupation as "unemployed."

But he heard his friends talking about their "day off" and decided he would have a day off once a week, too.

So on that day, he works.

AM THINKING, that, in justice to Mr. Richard Vander Veer, manager of El Mirador Hotel, something should be said about that flag he designed when Alaska was admitted as a state. You remember? He worked hard and designed a new arrangement of the stars to put the 49 in a symmetrical pattern.

And after he'd it all finished, some smart alec counted and found he had 50 stars in the field.

HE TOOK A LOT of ribbing on that one.

But now he has the last laugh. He can pull that flag out of the moth balls and display it freely. Hawaii will soon be the 50th state.

"I wasn't wrong," he said. "Just a year ahead of the rest of you people."

READING THE newspapers over the weekend I came upon several interesting items.

One pointed out that the new way to identify a dog is by his nose prints.

That a dog's nose differs from every other dog's nose just as one person's fingerprints do from another.

It has its individual ridges, loops and whorls.

SO IF YOU PRESS your pup's nose on an ink pad and then on a bit of paper to permanently establish his identity, you may put yourself in the way of a little trouble.

Unless you remember to wipe his nose.

For the next time he presses it against you affectionately, it will not only be cold but smudgy, too.

ANOTHER ITEM advertised straps which hang from the ceiling like those in street cars and buses. What they are for, the item did not clarify.

But I can see uses. Like you sink into a soft, easy low chair and have trouble getting up.

And over the bath tub! Although I prefer the chrome handles like they have in trains. A soapy strap could lead to disaster.

THE PAPER also reported that next week, March 29 to April 4, is National Laugh Week. Also Honey for Breakfast Week. However, seems to me, that if your wife should catch you with Honey for Breakfast, there would be no occasion for Laugh Week.

STAN DELAPLANE'S Postcard

Spring came early. I don't know what happened to the rains. Last year we were all slopping around in boots and slickers. Digging out culverts and watching the road wash away.

(That was the year the cat took off and went to live with the rich neighbors up the hill. An infantryman at heart. "Take the high ground".)

The warm, dry weather has brought the deer down from the hills. Deer are protected by law in our suburbs. If you say "Scat" to a deer, he just looks at you and nips off another flower.

WE ARE SORT of between cats and dogs these days. A certain amount of attrition cuts down your animal kingdom.

There has been a good deal of discussion about a dog. Our boy is a 3-year-old now and certainly entitled to his own dog. If you left these things up to women in a household, you would wind up with nothing but miniature poodles. A lady does not look at a dog like a boy looks at a dog.

A LADY GETS a dog to match the upholstery in the car. Or she gets it to fit a jeweled dog collar that some friend will let her have for nothing. Because it is such a bargain.

With ladies, dogs are simply fashion accessories.

"How about a Great Dane?" My idea of a boy's dog is something that can stand a good deal of wear and tear. Something bigger and huskier than I am. I am barely able to drag myself around after a day of father-and-son business.

"How about a nice, woolly Labrador?"

WELL, IT SEEMS that I am ruining the budget. A Great Dane would eat us out of house and home. (The deer are already eating up everything outside the home. But does anybody think of that?)

A Great Dane, I figure, would run off the deer. There is no law covering a dog running off deer. If I peg a rock at a deer, the county will have me in irons. But a dog cannot pay a fine — our county is not much interested.

ed unless they can fine you. A LABRADOR would jump in the community swimming pool. The community swimming pool is against having dogs swimming in it. We would be social outcasts.

"How about just a plain dog?" Just a kind of big dog? I have pointed out such a dog on the street. It was a kind of sheep dog.

It seems this kind of dog will not do. Because it will shed hair in the house. And if I think we are going to have dog hair all over the house, I had better start thinking of getting full-time help.

HEAVENLY DAYS, I never intended to start anything like this!

Now in favor of miniature poodles, there are a number of things. First, they do not eat a fortune a day in horse meat. (Our last dog cost so much we suspected we were feeding him Man o' War.)

The poodle would be black. Or silver-gray. Either color would go well with a little car I bought. The car is a Bavarian Isotta. It is a fire-engine red. A black poodle with red eyes would be extremely smart.

A POODLE DOES not shed. Or if it does, not very much.

Also, we have a rather elegant collar. It is a cat collar that somebody sent to me. It was too big for the cat and he pawed it off. The idea is to shop for a poodle that will fit the collar.

That's logic for you. Nothing wasted.

The whole thing becomes so exhausting that I have put it off for another discussion. All I am talking about is a plain, ordinary dog. What do I get? A Federal case.

EARL WILSON:

The World's Still Laughing

NEW YORK—The foreign news is very grim lately — with experts smelling war in Berlin and Baghdad — but my laugh scouts tell me that the ordinary Joes everywhere are living and laughing it up believing that Khrushchev is a fat clown who soon will be poured back in the bottle.

A couple of Berlin jokes are aimed at Khrushchev.

"When I was a boy," Mr. K. tells Mikoyan, "my ambition was to be a pirate, a murderer and a bandit." Mikoyan says: "Congratulations!"

"Khrushchev plays a fair game of bridge, doesn't he?" someone is saying in the Kremlin, and Mikoyan says: "Yes, if you watch him closely."

Louis Armstrong is taking his group into Poland and Yugoslavia, and the Holiday On Ice show from Minneapolis is heading for Russia — where there's never been an ice show, though certainly plenty of ice. Dick Button and Joan Hyndorff are the stars.

The little Russian-built Ford-type car, the Muscovite, is being sold widely in Greece. Recently one Greek asked another Greek: "How is your Russian car working?" "That's what I'd like to know!" the owner replied.

Over in Casablanca, Morocco, "The Mediterranean Courier," which publishes my column, hurrahs, twits Khrushchev for announcing that he's sending 25,000 Russian girls to Siberia to make a home for some man and some man for a home.

"Any volunteers for Siberia?" the paper asks. "You can imagine the stony silence — and yet 25,000 of them are going!"

And what's happening in Spain, where Arlie Shaw is becoming a disc jockey (in Spanish, yet)?

Well, Senor Nicomedes Garcia Gomez is making Spanish whisky in a man-made cave in Segovia, Spain. He says it'll taste like Scotch whisky (but be one-third as costly). He doesn't know what to call this Spanish-type Scotch. Why not call it Scotch-type Spanish?

From Guam, my roaming cor-

respondent, Ted Chinnell out of San Francisco, tells me he went to the opening of a club called El Morocco and saw the floor show. "There were large holes in the rug making it show," he explained.

A big-brimmed-hatted Texas oil-lionaire handed a waiter \$100 for a ringside table but was told no; the table was reserved for the Governor.

"Geez!" ponted the Texan. "How much did he tip?"

Anyway, just wanted to tell you that the foreign news isn't always as sad as it's printed. For example, Taffy Tuttle, the Broadway showgirl and model, thought "Moscow Mule" was the name of a Russian diplomat, or maybe Khrushchev.

THE MIDNIGHT EARL . . .

The Toots Shor victory over Sherman ("Ad Lib") Billingsley was complete — he doesn't have to pay taxes on the \$50,000 settlement. Insiders will bet the case is never reopened. Toots has already endorsed the check . . . Frank Sinatra's going to Australia in a week to do a personal appearance; could run into Ava Gardner there. He got too sick here to see anybody but his No. 1 friend, Lady Beaty . . . Gary Crosby's phoning beautiful model Dezi Rome whom he met when she was a chorus gal . . . Lena Horne and Ricardo Montalban still don't talk offstage at "Jamaica" — and like it better that way.

Hedy Wants Back Alimony

HOLLYWOOD — Hedy Lamarr, who just shed Howard Lee, is launching a lawsuit at another ex-husband, John Leder, for \$20,000 in back alimony.

The heading - making Diane Varsi, who stormed into 20th-Fox and told her bosses to tear up her contract because she can't stand acting any more, is a strange girl — and a sad one. A divorcee at 18, an Oscar-nominee at 19 (for "Peyton Place"), the gifted gal tells friends she recently had the melancholy job of signing her own mother into a sanatorium for the mentally ill.

SHE ALSO TOLD the 20th-TV toppers who offered her the leads in Playhouse 90's "Dingaling Girl" and the pilot film of their new Whodunit series that the only reason she accepted both roles was because the characters she portrayed both had "death wishes."

A nonconformist who hated the people at her studio who paid no attention to her until she got that Oscar bid, Diane says she's going to Vermont — to write a book! Knowing her and her tremendous drive, I think Diane will do just that — and some Hollywood hides will smart when she gets through whipping 'em!

SHORT & CURT: Curt Jurgens will star in Kurt Ulrich's movie version of the late Kurt Weill's "Three - Penny Opera" — opposite Italian star Giulietta Masina.

Caskie Stinnett sniped it: "My bookie tells me things are so tough with him he had to knock two more cops off his payroll!" Michele Morgan and O. W. Fischer will play the old Greta Garbo - John Barrymore roles in German producer Arur Braun's remake of "Grand Hotel." Braun bought the rights from MGM.

Josh Logan is wigwagging an unknown named Warren Beatty for the juvenile lead in "Parish." The "unknown" had isn't exactly unknown, however, to his sister—Shirley MacLaine!

SIDNEY POTTER long - distanced me from New York after I mailed him one of the Coast reviews of his smash Chicago-&-Broadway hit, "Raisin in the Sun" and wrote this in the margin: "Happy you're a hit but sorry you broke your arm and can't write." Sidney, who hates letter - writing, told me he'd back out of the show in August and will be back in Hollywood the same month for the starring spot in Hall Bartlett's "All the Young Men."

He'll play an Army sergeant who helps rescue 3,000 Marines from the North Koreans — and the great Negro star's leading lady will be an as yet unchosen lady.

That was a wild one — Miriam, Randy and Jack Paar partaking of Disneyland Hotel's on-the-house hospitality, plus all those free rides at Disneyland, following which Jack went on the Toughest show and took off hammer - & - tones - & - no - holds - barred to criticize the hotel and the amusement park! Wuzzamatter, Cousin Paar, doncha dis Peter Pan?

Pat Boone and Dick Clark ordered their scripts for Tab Hunter's guests rewritten so that Tab will play a one-armed buccaroon on their shows. That's because Tab tossed a hose over the back fence of his new home in Glendale (he moved there to be near the stable where he keeps his horse) and threw his right shoulder four inches out of its socket.

Grisly details on the unusual accident were supplied me by Dr. Hans Febling, who "de-agonized" the actor by strapping his arm to his side. It'll be three weeks a-mending, Dr. Febling told me — in time for Tab to catch Jane Powell in their twists-&-turns on their musical spot, "Meet Me in St. Louis."

Actor's snouse (not Tab's): "Why call the doctor, you show-off—all YOU want is an audience!"

Story: Meaning of Easter

(EDITOR'S NOTE: Louis Casels is a nationally-read reporter and writer on religious affairs. Each week from Washington, he writes a prize-winning column on religious works. By LOUIS CASSELS
United Press International
No period of human history has received more exhaustive scrutiny by scholars than the four days which began on the 13th of Nisan (April 6), in the year A. D. 30.

During those four days, in the city of Jerusalem, a young Jewish rabbi named Jesus of Nazareth was arrested, tried as a troublemaker, and put to death by Roman authorities.

Such executions were so commonplace in that era that the event would scarcely have rated a footnote in history except for one extraordinary circumstance.

THE FOLLOWERS of Jesus, who had fled in panic at the time of his death, returned to Jerusalem a short while later and boldly proclaimed that he had risen from the dead.

They said that he was the Christ, the very love of God incarnate in a human personality, and that by his life, death and resurrection he had opened to all men a way of escaping from the bonds of sinful self-centeredness and of entering into a new life as the forgiven sons of God.

MANY PEOPLE then, as now, found this "good news" hard to believe. But others found the Apostles' faith contagious, and after testing it in the laboratory of their lives, they too became con-

vinced that Jesus "is living still" and that through Him God is "reconciling the world unto Himself."

So was born the Christian church.

In due time, the church recorded its memory of Jesus' teachings, and particularly of the climactic events of his last week.

THE EARLIEST writings, dating from about 51 A.D., were letters which the Apostle Paul wrote to various Christian congregations in Asia Minor. Mark's gospel was written about 70 A.D., possibly by one of Paul's young missionary assistants. Soon thereafter came the more detailed Gospel which bears the name of Matthew, and the two carefully-researched books written by the physician Luke, a gospel and an account of the Acts of the Apostles.

Scholars formerly thought that the fourth Gospel, which bears the name of John, must have been written much later. This conclusion was based on textual evidence which seemed to date the document sometime in the second or even the third century after Christ.

BUT THE DISCOVERY of the Dead Sea Scrolls has put this evidence in a new light. It is now clear that the fourth Gospel could have been, and probably was, written in the first century.

These writings, preserved by the church as the New Testament, are the main source of information about the events of the first Easter. During the past century, they have been subjected to detailed and relentless research.

Philologists, archaeologists, historians and theologians in hun-

dreds of universities and seminaries have put literally every phrase of the New Testament to the test of critical inquiry.

THIS RUTHLESSLY objective analysis has distressed many Christians, who look upon the Bible as the verbally-inspired Word of God, to be received on faith as literally true in every detail.

But to others, who had been unable to accept the Biblical record simply on the basis of New Testament to the test of critical inquiry, in an effort to distinguish authentic historical facts from any legendary coloring of metaphoric "heightening" that may have crept into the story as it was told and retold by the early Christians.

THIS RUTHLESSLY objective analysis has distressed many Christians, who look upon the Bible as the verbally-inspired Word of God, to be received on faith as literally true in every detail.

But to others, who had been unable to accept the Biblical record simply on the basis of "authority," the results of New Testament criticism are exciting and inspiring.

"The fact that the New Testament has been thrown open to the freest and most searching examination must be reckoned a great gain," says Prof. Ernest F. Scott of Union Theological Seminary.

"THE NEW TESTAMENT has been examined more strictly than any other book. The main facts as to its origin have been verified on the fullest available evidence. Every possible doubt has been put forward and magnified. As a result of all this sifting, many of our old conceptions of the New Testament have been changed, but its claim has been established more surely than ever."

"We can now feel certain that the facts are set before us with essential fidelity."

In the next four dispatches, the events which took place in Jerusalem during the middle of the month of Nisan in the year A.D. 30 will be retold, as the facts are recorded in the New Testament, with due regard for the light that has been shed on the record by modern scholarship.

LAINE AND TRACY FLOAN get an early start on the Easter Bunny by writing their names on colored paper eggs and placing them on the magic Easter Egg Tree at the Branch Library. They know that the paper eggs will be turned into the real variety, and will be available there after Easter Sunday.

VILLAGE TOTS INVITED TO VIEW, READ ABOUT EASTER EGG TREES AT LIBRARY

By GERRY VANEK

Did you ever see a magical egg? Well, in THE ENCHANTED EGG (by Peggy Burrows), the fuzzy yellow duck finds one! "It was a lovely coral-pink color, with sparkly stars and tiny bluebells painted on it, and bands of squiggly white icing going up and down."

Mrs. Robin stopped right in the middle of her spring nest-cleaning to come down and see it, and then, donning a perky buttercup blossom as a sun hat, she helped Duck chase the egg when it started to roll downhill.

AS SOON AS Dinky Elf, who lived in a wee house under the mushroom, saw it, he wanted to know what sort of magic was hidden inside. But it took Great-Grandmother Owl, peering through her bifocal glasses to solve the mystery of the enchanted egg! When you see Elizabeth Webb's

illustrations of Dinky's cozy house—with its colorful braided rug... little red rocker... round maple table... and the ivy growing gaily on the window sill—you'll wish you could visit Dinky, too. Well, we don't have that kind of magic in the children's room, but our Mrs. Webb does have a special Easter surprise for you. She has some enchanted Easter eggs for you to see—and, yes, you can look into their little windows and see what Duck, Mrs. Robin, Mrs. Owl, and Dinky Elf saw!

KATHERINE MILHOUS' story of THE EGG TREE will soon have you wishing that you could see one of those, too! Her vivid, Pennsylvania Dutch designs of the little tree Grandmother made for Carl and Katy—and the bigger one that all the children made and the biggest one of all that everyone came miles to see—look almost too pretty to be true. But if you take a

peak into the bay window overlooking the patio in the main library, you'll see one—bunny and all!

And, even more exciting, if you go into the children's room at the Branch Library, you'll find that Mrs. Floan has a magic Easter Egg Tree there for you! Not only is it fun to see, but if you write your name on one of the colored paper eggs and hang it on the tree, you'll have quite a surprise

Every second, the sun is unleashing energy equivalent to that of a billion or so hydrogen bombs, according to the National Geographic Magazine.

Gas Company Asks Rate Hike

Faced with a 13 per cent hike in the cost of natural gas purchased from its out-of-state supplier, Southern California Gas Co. has asked the Public Utilities Commission to authorize a comparable increase in rates to Southland gas users.

This offset increase would amount to about 4 per cent for residential customers, or about a cent a day on the average household's gas bill, it was stated.

William P. Hand, division manager for the gas company, explained that the increase would not bring the company additional net revenues, but is merely an offset collection, with the local firm passing the money on to its out-of-state supplier, El Paso Natural Gas Co.

The El Paso company has filed its intention to increase the whole sale rates with the Federal Power Commission, according to Hand. Schedule effective date for El Paso's new rates is August 1.

Warning Issued on Wage Reports for Domestic Help

Procedures that household employees should follow in reporting the wages of domestic employees are of prime importance. Raymond Majala, field representative of the San Bernardino District Office of the Social Security Administration, stated today.

Recently numerous inquiries have been received from household employers in the Palm Springs area, requesting information as to how to report the wages of domestic employees.

MAJALA EXPLAINED that any domestic employee who has been paid cash wages of \$50 or more in a calendar quarter should be reported by the end of the following month.

For example, if a domestic employee worked from January through March, the employer must report the wages and pay the tax to the Bureau of Internal Revenue by April 30. The payment of the tax is compulsory. Any agreement between the employer and employee to avoid reporting of wages is illegal, Majala added.

THE EMPLOYER tax during the present year is 2½ per cent, to be deducted from the employee's wages. The employer adds his share, also 2½ per cent, or a total of five per cent of wages paid. Employers should be certain to include the employee's correct name, and social security number.

Majala stated that the San Bernardino office has an informational folder, "Do You Have a Maid," which is available upon request. Persons wishing a copy may write to the Social Security Administration District Office, 375 West Seventh Street, San Bernardino, and ask for this folder by name or Folder OASI-21.

THIS FOLDER IS especially

helpful to employers who are employing domestic help for the first time, he added. It has a tear-out postcard which upon being completed and mailed to the Bureau of Internal Revenue will place the employer on a permanent mailing list to receive report forms every three months.

Due to the pressure of income tax returns being filed, it is possible that the Internal Revenue Office may not be able to establish employer mailing lists immediately. It is suggested that along with the initial request to be placed on the mailing list, the employer send in the name, social security account number, total wages paid, and the 5 per cent total tax for each employee. This will prevent the filing of delinquent returns which could involve the payment of penalties and interest, Majala concluded.

New idea—from Security Bank:

Custom Credit gives you money as you need it!

Not just a "one-time" loan—not a credit card plan—but a new way to have ready money to use anywhere, any time you need it.

SIMPLY WRITE A CHECK AGAINST YOUR CUSTOM CREDIT

What is Custom Credit?

It's a way to arrange for an extra cash reserve before you need the money. To use any or all of it, just write a check. And this personal cash reserve costs you nothing—no payments to make—until you use it.

How much money can you get?

You agree upon the amount when you arrange for Custom Credit. Your cash reserve can range up to \$2400. Just figure how much you can conveniently repay the Bank each month. Then multiply by 12 or 24 months. The answer is the amount available. Example: If you can pay back \$25 a month, your reserve is \$300 or \$600. And, as you make the payments, you automatically keep increasing your cash reserve.

Can you use your money any time?

Absolutely. You might use just a small portion now. Or perhaps not even touch it... just enjoy the good feeling of having extra money on tap, ready "if and when." Or you may want to spend all or most of it right away. Now or later...one big check or many small ones...it's all up to you.

How do you pay back the money?

Remember, you pay nothing until you draw upon your cash reserve. Then payments will be either in the amount agreed upon—or 10% of the outstanding balance, whichever is less (with a minimum of \$25). You decide on payment amounts, payment dates. You pay bank interest; and only on the money used, not on your unused balance. It's all tailor-made to fit your family finances.

Is Custom Credit different from a personal loan?

Completely different. Your cash reserve is yours to use any time, anywhere, for any reason. No coming in and asking for a loan each time you need extra money. No forms to fill out. No questions to answer. And—each monthly payment builds back your cash supply. You can keep spare money ready and waiting, all the years of your life!

Does this new plan replace credit cards?

It offers far more than credit cards can. You pay for the things you want by either personal Security checks, drawn against your

checking account, or by special Custom Credit checks which we provide. It's like having instant cash—and there's nothing quite like cash for real convenience.

How do you get started?

We've made this easy for you, too. Simply phone your nearby Security Bank and ask for Custom Credit. You don't even have to be a Security customer. Whether you call or come in, we'll be happy to answer all your questions and help you sign up. Why not do it right away?

Look at these examples

Monthly Payment	Your Custom Credit 12 Months	24 Months
\$ 25	\$ 300	\$ 600
\$ 50	\$ 600	\$1200
\$100	\$1200	\$2400

Geiberger Wins Invitational by Four Strokes

WINNER AND STILL CHAMPION of the Palm Springs Invitational Golf Tournament, young Al Geiberger accepts the congratulations of Ben Shearer, center, O'Donnell Golf Club vice president, and J. E. "Dad" French, club president and tournament chairman. Geiberger coolly capped the three-day, 24th Palm Springs Invitational at O'Donnell Sunday with 199 strokes, tying the score that handed him his first Palm Springs championship last year. Finishes Strong In Hot 66

Al Geiberger, ace swinger on USC's varsity golf squad, put together a superb 67-66 for a three-day total of 199 and won the second consecutive year — the Palm Springs Invitational Men's Golf Championships at O'Donnell Golf Club Sunday.

The sensational collegian, outdistancing such greens greets as Phil Rodgers of La Jolla, Frank Hixon of Pasadena, Floyd Jones of Apple Valley and Johnny Dawson of Eldorado Country Club in Palm Desert, closed with five birdies on his final day.

HIS 199 AGGREGATE, 11 under par for the local course, gave the slim Santa Barbara youth firm command over the second place finisher, Rodgers, who fired an erratic 69-65-69. Rodgers took two bogeys on the first side Sunday, then rallied with a 33 for the second nine that included an eagle two on the thirteenth hole.

The odd-swinging Hixon shot a 68-69-66 for a 205 total and third place. Fourth went to Jones and fifth to Dawson.

PRESENTATIONS of the awards for the winners were made in the clubhouse at O'Donnell following the finish of play. All results:

Eldorado Polo Teams Play Drills

Pierce, Schwein, Campbell, Smith Win Competition

Four polo squads — composed of members of the Eldorado Polo Club — clashed in round robin play here Saturday with a unit composed of Ted Pierce, Nevin Schwein, Bob Smith and Guy Campbell emerging tops after two games.

ON SATURDAY, the No. 3 team bested Team No. 2 while Team No. 4 was wallowing Team No. 1.

ON SUNDAY, the winners of the Saturday pairings clashed and the losers paired off for consolation titles.

Bob Smith bagged seven goals against Team No. 4 in aiding the No. 3 squad to its local title. The score was 9-8. Pierce netted two goals and Schwein and Campbell aided things with horsemanship.

The losers had two goals each for Dick Neville, Fred Cox, Todd Helser and Will Tevis.

IN CONSOLATION play Sunday, Team No. 1 — composed of Bill Lambkin, Bill Sharp, Jack Conant and Julius Kahn — lost by 11-9 to Team No. 2 — comprised of Blaine Stephenson, Willis Allen, Herschel Bonham and Eddie Hall.

The two-day play was tunc up competition for Sunday's scheduled fray with the San Francisco Polo Club at Eldorado Polo Club at Eldorado Polo Field. The play will begin at 2 p.m.

City Cagers Lose 29 Palms Title

All-star cagers from the City Recreation League lost two close games over the weekend in a tournament at Twenty-nine Palms, one in overtime.

On Friday night the Village cagers dropped a 27 to 22 decision to the host club, with Steve Carillo taking scoring honors for the local squad with 12 points.

The overtime battle for consolation honors on Saturday saw Huntington Beach squeak through to a 35 to 23 win. Pete Alexander paced the local team with 18 points.

Barstow won the championship of the two-day tournament.

Released From TB Hospital, Schoendienst Plans Exercise

ST. LOUIS — UPI — Red Schoendienst, sparkling of the Milwaukee Braves, left a tuberculosis hospital, today, hopeful of regaining his second base position with the Braves in 1960.

Although happy about his discharge after a four-month stay in the hospital Schoendienst refused to predict or even hazard a guess as to the date he would return to the Braves.

HE WAS RESIGNED to a season at home or possibly on the bench later in the year, but next year was a different matter.

"I'll be out there next year for spring training," Schoendienst said. "But I won't be doing much this year."

Coach of Year Title Given Rupp; Team Is Lauded

LEXINGTON, Ky. — UPI — Kentucky basketball coach Adolph Rupp said here Monday night in accepting the United Press International Coach of the Year award, he would be willing to settle for the record made by his Wildcats this year during "the rest of my coaching days."

Rupp, picked as Coach of the Year in a nationwide poll of sports writers and broadcasters conducted by United Press International, called his team's record "remarkable."

Rupp termed the UPI Coach of the Year award "a great honor and a pleasure," adding, "our success can be summed up in two words — discipline and tradition. These are the heart and soul of our basketball program."

The award to Rupp was presented by John G. Dietrich, manager of the UPI Louisville, Ky., bureau at the University Alumni Association's annual basketball banquet.

Cagers May Use Colored Balls

LOUISVILLE, Ky. — UPI — Coaches were given the option of using colored basketballs by a rules committee here Monday which otherwise made less changes in the game than at any time in a decade.

"I'll think about the fellows in spring training, but I won't even think about going down there."

SCHOENDIENST LEARNED he had contacted tuberculosis last fall after the World Series against the New York Yankees. He began treatment immediately for a tubercular right lung last Nov. 8, and underwent surgery to remove the infected portion Feb. 19 at Mt. St. Rose Hospital, where he had been confined.

"I did everything they told me," the redhead said, "and my tests show negative now."

Schoendienst said he would obey his doctor's orders thoroughly, taking strict rest periods for several weeks to build himself up for a more rigorous schedule.

Williams' Ailing Shoulder Treated

SCOTTSDALE, Ariz. — UPI — Boston slugger Ted Williams was undergoing treatment today from Red Sox trainer Jack Fadden for a painful catch in his shoulder.

Williams had been suffering for about a week from the shoulder trouble but made an effort to play Sunday in a game at Tucson until the pain became too great and manager Mike Higgins benched him.

LEWIS AND CIRATA NAMED TO ALL-RCL BASKETBALL SQUAD

Joe Lewis and Stan Cirata, the two hot-shot guards who sparked Palm Springs High School's varsity cage team to a highly successful season, have been named to All-Riverside County League team.

Lewis, who scored 209 points, and Cirata, who netted 181 digits, were the only Indian players named to the team. No local players made either the second team or the honorable mention listing.

Others on the first team were Bruce Meier, Banning; Dick Dean, Coachella Valley, and Jim Pattison, Hemet, Pattison, who scored 244 points in RCL play, was named most valuable player in the league.

The team is chosen each year by the Riverside County League Coaches Association which, oddly enough, selected Sunday to announce the team selections.

SOLONS TAKE ON MOUNTIES TODAY

Three hurlers to face Vancouver's Mounties this afternoon were named this morning by Sacramento Solon Manager Bob Elliott.

Southpaws Roger Bowman and Ray Hyde and rightlander Chuck Longwell will perform the mound chores for the Solons, who won one, lost one in a pair of weekend games.

ON SATURDAY, the Sacramento club overcame an early Portland lead to win, 4-2, and on Sunday, walks cost the Solons heavily in an 8-5 loss to Seattle.

Elliott, not displeased with the 3-0 record of the club, announced also that Karl Heron, chunky young shortstop who hit .272 for Williamsport last year, has joined the Solons here and will see start in today's clash with the Mounties.

Hogan, Snead In Seminole Golf Event

PALM BEACH, Fla. — UPI — Ben Hogan, Sam Snead and Cary Middlecoff led a galaxy of golf's brightest stars due to tee off today in the ritzy \$10,000 Seminole pro-am tournament, a blue ribbon event with blue blood attendance.

Many of the professionals will team in best ball competition with two club members each. Prizes will be handed out for low professional scores and low team scores at the end of 36 holes in each division.

Middlecoff, the long-hitting dentist from Memphis, Tenn., made a triumphant return to the links Monday by winning the \$15,000 St. Petersburg Open.

Many of the other 55 big name pros entered in the Seminole also competed at St. Petersburg. Among them were Arnold Palmer, Doug Ford, Art Wall Jr., South African Gary Player, Billy Casper Jr., and Gene Littler.

Teachers Group Again Sponsors Scholarship

The Palm Springs Teachers Association is again sponsoring a college scholarship for former Palm Springs High School graduates planning to enter the teaching profession.

Ralph Watt, chairman of the association's scholarship committee, said the scholarship is available to students who have completed five semesters of college work in the education field by June 1959.

Watt noted that the scholarship has been increased by \$300 this year. He said that all former Village students who meet the requirements are eligible to apply. Scholarship applications should be sent to Watt at Palm Springs High School no later than May 1.

Tests Scheduled For Marine Corps Base Jobs

Two examinations — one for electrician, the other for maintenance — will be conducted by the U.S. Civil Service for vacancies now existing at Marine Corps Base, Camp Pendleton.

The electrician job starts at \$2.70 hourly and the maintenance post begins at \$2.44 per hour, the federal agency said.

Information on either post can be obtained by writing the agency at Marine Corp Base, Twentynine Palms, Building 1042, Room 5. Applications are available at any first class post office.

New Summer Classes Planned For Students

School district officials today announced plans to establish a new summer school program for Palm Springs elementary schools.

The program, first of its kind for elementary schools, has the preliminary approval of the Palm Springs Board of Education.

MARY MITCHELL, district director of instruction, said the 1959 summer school program also involves an expanded class schedule for the high school.

Summer school classes, Mrs. Mitchell said, run daily from June 3 through July 24.

Elementary classes are planned in reading, writing, spelling, arithmetic and fundamental courses. Classes are scheduled from 8 to 11 a.m., Monday through Friday.

AT THE HIGH school, the summer curriculum includes English, mathematics, history and civics, driver education, speed reading, remedial reading, speed writing, arts and crafts, applied science, Spanish and typing.

High school classes are conducted from 8 a.m. to 12:10 p.m., Monday through Friday.

Extension of the summer school program was attributed to summer classes inaugurated at the high school last year, Mrs. Mitchell explained, and numerous requests for summer classes on an elementary school level.

The entire junior class of the Lake Erie College for Women at Painesville, Ohio, spends 12 weeks each year at one of the school's eight study centers in Europe.

Brilliant Casting

Palm Desert Players Give Excellent Performance

By GEORGE LAINE

PALM DESERT—It might be a good idea for everyone connected with drama in this desert region to take a run out to the Palm Desert Shopping Center this Friday or Saturday and watch the Palm Desert Players deliver their version of Agatha Christie's "Three Blind Mice."

Titled "The Mousetrap" in its presentation here, the play shows exactly what a theatrical organization can do — if it realizes its limitations and works within them.

IT'S NOT EVEN remotely possible that any theater in this area is going to be able to cast plays like, say, the Huntington Hartford or the Biltmore Theater (or any other theater located in a major hub of theatrical activity).

Now, for the first time since I've been going to plays in the Palm Springs - Palm Desert area, that fact has been recognized.

Ben Jutzi, listed as director of the production, demonstrated a mind blessed with sheer logic in his casting and direction of the play.

HE TOOK JANET Wullner, who isn't exactly a British prototype, and the young lady played her major role with such enthusiasm, such understanding that her lack of accent was scarcely noticeable. Voice, actions, facial expressions all provided major impact for the play.

Ed Stepan, cast as her spouse in the whodunit, did a remarkable job, too. His grasp of his role is a thing you'll relish, if only for the understanding he gives it.

Jutzi cast himself as a somewhat affected young man and made the role palatable. He is a source of sheer comedy, a pleasure to watch and a welcome new addition to desert acting ranks.

B'nai B'rith Lodge Sets Meeting

Members of the Palm Springs B'nai B'rith Lodge will hold their regular meeting at 8 p.m., Wednesday, March 25, at Temple Isaiah, 332 West Alejo Road.

The American commercial fish catch in 1958 was worth 380 million dollars, up 29 million dollars from 1957.

Rock 'n Roll Dance Set Wednesday

Wednesday night, March 25, the Sigma Phi Lambda will hold their annual Easter Dance at the Youth Center. Dance time begins at 7:30. Refreshments will be served.

The Rock 'n Roll music of the popular band, "Kurt Selley and the Box-Boys," will be featured, and the public is invited to attend.

Ring a Makeup Problem

HOLLYWOOD (UPI) — Beautiful Estonian-born actress Narda Onyx doesn't wear her wedding ring except when at home with her husband.

"If I wear it all the time," she said, "it leaves a white mark when I have to take it off to play a single girl. The makeup men have to work over that one finger. It created such a problem that I just carry it in my purse with me now, wherever I go."

AT THE HIGH school, the summer curriculum includes English, mathematics, history and civics, driver education, speed reading, remedial reading, speed writing, arts and crafts, applied science, Spanish and typing.

President Sam Black said several important items are listed for the meeting agenda.

The American commercial fish catch in 1958 was worth 380 million dollars, up 29 million dollars from 1957.

genius that can convince a land in the part of the chronic complainer Mrs. Boyle is another facet of the play for which Jutzi can take some credit. Miss Holland essays the evil - tempered matron with thorough dexterity, with such marvelous application as to arouse even the most temperate viewer.

"If the killer hadn't strangled her," one playgoer said with feeling during the intermission, "I think I might have."

That's the kind of emotion playwrights dream about as they set their plots down on paper. In Miss Holland's case, even Agatha Christie's fondest dreams were realized.

ANOTHER STROKE of brilliant casting — which Jutzi himself describes as "great good fortune" — is the debut of Thomas Cook as Major Metcalf. A Scottish-born resident of Palm Desert, Cook plays a retired British colonel with such gusto that I was somewhat shaken when the 4 p.m. hour rolled around — in the play — and he failed to demand his gin and tonic.

Carolyn Cooke, cast as Miss Caswell, a sort of vacuous itinerant, does that characterization well, and Will Thorne, who plays the unexpected Mr. Paravicini,

manages to confuse the audience on the killer's identity in several sections of the drama.

Deanne Tummel, cast as the detective sergeant, is particularly effective and conveyed a sort of "old pro" feeling in the role by converting some oral and physical fluffs into continuity with the part.

THE CAST, TOTALLY, speaks with clarity, with understanding, with interpreted emphasis. They seldom were fooled by that old bugaboo of "back to audience," altering their voices to compensate.

The east wing of the Palm Desert Shopping Center is a far wiser choice, it appears, for such productions than was the Desert Magazine building.

Parking Meters Take \$4,143 In February

Palm Springs parking meters gobbled up \$4,143 worth of nickels and dimes during the month of February, City Finance director Shelby Langford reported today.

Langford said that motorists have fed a total of \$23,007 worth of coins into city meters in the first eight months of fiscal 1959.

Last year's parking meter take in February was \$4,344. Langford noted. The comparable eight-month period of 1958 also gave the city \$23,730 in parking meter receipts.

Thompson to Be Speaker at Rotary Club

"The Voice Heard 'Round the World" in such productions as "The Lady and the Tramp" and "Peter Pan" will be heard in the Chi Chi Starlite Room at 12:15 p.m., Wednesday, when William H. (Bill) Thompson appears before the Palm Springs Rotary Club.

Thompson, manager of Public Services for Union Oil Co., is also the creator of "Mr. Wimple" and "Old Timer" characters on the Fibber McGee and Molly radio show.

THOMPSON SPENT 10 years with Walt Disney as a writer-actor on cartoon productions covering safety, fire prevention and traffic safety.

Among the voices he created were those of The White Rabbit in "Alice in Wonderland," the Bumble-Headed Mr. Smee in "Peter Pan" and most of the dog voices, including "Jock" in "Lady and the Tramp."

NOW EMPLOYED full time by the Union Oil Co., Thompson will speak on "Public Service and its Importance," emphasizing the good being done by at least 97 per cent of teenagers in this community.

Thompson's activities are part of company's extensive youth development program based on its "76 Sports Club" headed by Elroy "Crazylegs" Hirsch.

Burt Cannon will be the program chairman for the day.

Round-the-World Tour

Ceylon Termed Emerald Pendant Just Below India

(EDITOR'S NOTE: The following is the eighth of a series by Harold N. Beck, Village resident who formerly owned the Ocean-side daily paper and now owns the Azusa weekly publication, detailing his impressions of an around-the-world tour.)

By HAROLD N. BECK

COLOMBO, Ceylon — Ceylon, the dream island of the tropics, is like a giant emerald pendant below India.

We spent two days on this delightful little island in the sapphire-blue water of the Indian Ocean. It is a tropical paradise just a few degrees north of the equator. Foliage is lush and the scenery is breathtaking. On an automobile trip 70 miles into the mountains at Kandy we saw Ceylonese tapping rubber trees, climbing for coconuts, working in the rice paddies, processing tea, picking bananas.

Being a tropical island the men wear very little clothes. Most are without shirts and practically all of the natives—men and women—go barefooted. Even the waiters in the hotels and the shopkeepers are barefooted. Many of the men in the fields and groves wear only a loin cloth. Women are in colorful saris.

ON THE HIGHWAY we saw elephants dragging tree trunks and carrying heavy loads. We were told it was dangerous to drive the road at night for wild elephants often are seen. The jungles are full of leopards and cobra snakes.

It is a prosperous island. The people are well housed. Buildings show the British influence for Britain controlled the island until it got its independence. As we have found in so much of Asia which was previously British-dominated, there is resentment towards the British for taking so much out of the country.

CEYLON APPEARS to owe much to Britain, however, for it brought peace and law and order to the island. Although Ceylon has had independence for 11 years, it has not quite learned how to do things as efficiently as the British.

For instance, the harbor is full of ships, mostly cargo ships, waiting to be unloaded. Some have been here over a month, and there is little indication that they will be unloaded soon.

CEYLON GROWS much rice but

still it has to import great quantities, for it is a staple food. The economic crops are tea, rubber, coconut and cocoa. The island also is rich in minerals. A variety of precious stones — garnet, agate, ruby, and sapphires — abound. There is not the prosperity on the island of two years ago, however, as businessmen, especially the British, fear to plow back their profits into the business, or make new investments for they cannot tell just what might happen in a country proud of its nationalism.

With so much prosperity you would not think there would be a Communist problem, for communism usually breeds on poverty. There is a serious communist problem though.

Russia spends five cents to every penny the U.S. spends here and is making great headway within the government and the people. Most of the people are Buddhists and ordinarily where there is so much religious devotion there is no need to fear an atheistic ideology like communism. Such is not true in Ceylon. Russia has taken many of the Buddhist priests to Russia and showed them the best of the country. The monks have come back enthused over the Soviets and have influenced the people.

BUDDHISM BEING the predominant religion, temples and monasteries abound over the island. Ceylon, however, is a land of diversity of religions as of people. The degree of mutual tolerance that is prevalent is exemplified by the presence of Buddhist and Hindu temples, Moslem mosques

and Christian churches.

The yellow-robed monk is to be seen everywhere and fills an important role in the life of Buddhists. From his dedication as a boy, when he wears the lay attire for the last time and rides elephant-back in princely garb to the novitiate ordination, and returns to the village to set up his own temple, the life of the monk conforms to the strict rules of the order.

THE MAIN occupation of the country folk is rice paddy cultivation. It is grown chiefly in the low lying areas, but in the uplands paddy fields rise up valleys in picturesque terraces which are one of the sights of the island.

We watched the rice being harvested with the ancient scythe and the grain being separated from the straw by oxen being driven around and around over it.

In the city of Kandy is the Buddha shrine, the Temple of the Tooth, to which all good Buddhists annually try to make a pilgrimage. Here is said to repose a tooth of Buddha, which once each year is taken out of a well-guarded case and paraded through the streets. The parade is part of a festival.

WITH ITS numerous elephants and the display of the ancient dances and music, and with the chiefs of the temples in their glittering old-world costumes of velvet and gold, the procession is a huge spectacle.

Mexico City is considered the oldest city in North America.

A LITTLE SUN-TAN lotion for Mrs. Jean Angus is applied by Mrs. Barbara Becker while the two lounge beside the pool at Silver Top Apartments here. SILVER TOP APARTMENTS HAVE UNUSUAL SITUATION

When the Palm Realty Company opened its rambling, spaciouly-designed Silver Top Apartments at the point of Mt. San Jacinto in Chino Canyon, they didn't anticipate turning away potential renters.

But, Louis Lenzler, president of both the real estate firm and the luxurious, 40-apartment development, revealed here yesterday, that's exactly what has happened.

"IT'S A PARADOX," Lenzler said. "We've been besieged by persons who want to spend a vacation here — stay maybe three weeks or a month — and we can't take them."

"We send them to hotels in town," he explained.

What Lenzler and his associates at Silver Top are actually looking for — and what they're accepting in the way of tenants — are Villagers who intend to stick around throughout the year, preferably people who work on hotel staffs, in drug stores, at department stores, school teachers, nurses and the like.

"That's why the price range on the rental is the way it is," Lenzler said. "A \$75 per month rental ought to be sub-standard housing. At Silver Top it's just the opposite. That's because of the type of tenants we're trying to acquire."

A HUGE SWIMMING pool is located in the center of the 3 1/2 acre area that holds Silver Top Apartments, at 63-521 Las Vegas Road. Each unit is completely air conditioned with oversized refrigerated air conditioning. Gas heating and complete kitchen facilities and appliances are also featured.

"We'd rather have the new tenants furnish the apartment themselves," said Lenzler, "because it gives them a certain amount of identification with their home."

"Oh, we furnish some of the apartments — but only in exceptional cases. We'd really rather have people who want to furnish their own places, it indicates they intend to stay a while."

LAST WEEK, LENZLER reported, the Silver Top's manager re-outleted 11 prospective tenants into other lodges and hotels around town "because they only wanted to stay a few weeks."

Lenzer, who is scratching his head over the unusual develop-

ment at his apartments, figures he will continue his unusual experiment in spite of the obvious demand for furnished rentals on short-term stays.

"There is a real need for inexpensive housing that is still of a quality nature here in Palm Springs," he said.

"Maybe it's just that the people who ought to, haven't heard about it."

County Delegate To Attend Meet On Highway 60

At the request of George C. Gerwing, Board of Trade manager, the Board of Supervisors authorized attendance of Harry E. Creasey of Riverside at the U.S. National Highway 60 convention April 16 to 18 in Pawhuska, Okla.

While at the convention looking out for the interests of the county, Creasey plans to extend an invitation to the national association to hold its 1960 convention in Riverside County.

Fewer Engineers

URBANA, Ill. (UPI) — Enrollment in American engineering schools is declining for the first time in seven years despite a still-critical shortage of engineering talent.

W. Leighton Collins, secretary of the American Society for Engineering Education, said the 133 accredited engineering colleges in the U.S. had 2.9 per cent fewer students in the fall of 1958 than in the fall of 1957. He said the freshman class was 11.6 per cent smaller than in 1957, with enrollment at 39,164, compared to 67,071 a year previous.

Lucky Streak

BUFFALO, N.Y. (UPI) — Judge Michael Zimmer conceded both men were lucky when Marvin Epps, 31, pulled the trigger of a .38 caliber pistol twice while pointing it at bartender John Lewis' head and the gun misfired both times.

"You're lucky too," Zimmer told Epps. "You would have wound up in the electric chair. Now you'll just go to prison."

Three Youths Charged With Looting Coins

Palm Springs police said today they have ended the long careers of the desert area's "coin machine bandits."

Detective Robert Flavin identified three youths, one a juvenile as the trio which allegedly looted coin boxes in laundry rooms of trailer parks ranging from Cathedral City to Indio for the past few months.

THE BURGLARY suspects include an 18-year-old youth now being held on a child molesting charge; Donald Max Bullock, 21, and a 17-year-old boy who reportedly took no part in the wave of thefts but served as a "lookout."

Bullock, of Cathedral City, is now being held by San Bernardino police for violation of probation on another burglary count. He and the juvenile admitted their parts in a series of coin box burglaries that netted several hundred dollars, Flavin reported.

FLAVIN SAID THE trio allegedly pried open coin boxes at Trailer Parks in Cathedral City, Palm Springs and Indio, collecting \$10 or \$20 at each park. Some parks were hit two or three times in succession, Flavin reported.

He said that a warrant was issued yesterday for the arrest of Bullock.

JUNIOR WOMEN TO STAGE ANNUAL EASTER EGG HUNT

CATHEDRAL CITY — Members of the Cathedral City Junior Woman's Club will stage their fourth annual Easter egg hunt for area youngsters Saturday, March 28.

The pre-Easter program is scheduled for 1 p.m. in the park off North Cathedral Canyon Drive, under the supervision of Mrs. Harry Estel.

Plans for the Easter egg hunt were announced at this week's club meeting, which featured a visit from Susan Larrieu, who was Miss Cathedral City in last week's competition to select a queen for the National Orange Show at San Bernardino.

Albert Vertchamp to Present His Trio in Desert Art Center Recital

By GEORGE LAINE

Albert Vertchamp was less than 12 years old and wearing knickers when Mischa Elman first saw the young violin prodigy.

Elman wasn't concerned with either the age or dress of the Denver youth.

"Your playing," Vertchamp this week recalled the master's words, "is the most beautiful. You must learn from Sevcik."

Now, more than 40 years later, great musicians in the Southland area are taking remarkable young violinists aside, lauding their abilities and telling them they must "learn from Vertchamp."

PACKED INTO THE four decades plus that Vertchamp spent in learning his chosen instrument were scholarships to several music institutes — including the Hochschule in Berlin — and special tutelage under Willie Hess.

In Europe, critics and artists — like Carl Fleisch, Fritz Kreisler and Leopold Auer — were equally kind.

In America, his first tour found him featured with virtually every major orchestra in the nation and Vertchamp hadn't returned to his manager's New York office before the requests began pouring in for personal appearances and recital concerts.

The critics referred to him variously as the new Ysaye or the new Kreisler but most refrained from comparison. In one season, critics as far apart as the New York American and the Oakland Tribune called him "a new master of the violin." Papers in Des Moines, Kansas City and other points echoed that view.

TODAY VERTCHAMP lives in a large but unpretentious home at Cathedral City with his wife, whom he affectionately calls "Duddy." He teaches exceptional violinists and only advanced pupils and sometimes plays his beautiful Guaragnini whenever legitimate excuses request it.

One such request came from the Desert Art Center which will present Vertchamp's newly-formed trio in City Council Chambers at 8:15 p.m., March 30.

INTO THIS RECITAL, Vertchamp can be expected to pour a lifetime of musicianship, a lifetime of knowledge, the concert itself lends insight on Vertchamp.

A distinguished soloist (the New York Journal American was moved to comment that "... in Albert Vertchamp the violin has another master"), the greying veteran musician has actually shed from solo recitals for more than 20 years.

"IT IS ONE THING to be a virtuoso," he said in his Cathedral City studio this week. "A good violinist can be a good soloist."

"It is quite another thing to be a member of a good trio or a good quartet. Small ensemble playing is the most demanding of all forms of music. There is nothing more exacting than participating in a trio or quartet."

"It is the ultimate — the highest form of music," he sighed.

WHAT VERTCHAMP was saying is that there is no room for a self-centered star in a trio or quartet.

Within the framework of the music written for the unit are sometimes found scoring for ad libitum instrumentation. But large

MASTER VIOLINIST Albert Vertchamp, who now instructs outstanding young pupils on that instrument, will put aside his teaching role on March 30 when his newly-formed trio performs for the Desert Art Center in City Council chambers at Civic Center. Vertchamp has been one of a handful of highly-regarded American violinists produced in this century. (Desert Sun Photo)

ly, the music of these groups is a unit presentation, a test of musicianly ability to subvert personality to a clear and direct reading of the music.

"It is the supreme test for any musician," Vertchamp believes.

SMALL ENSEMBLE playing isn't a novelty for Vertchamp. After his first tour of the United States — during which he played with the Los Angeles Philharmonic under Artur Rozinski — he completed another tour of Europe and returned again to America for a solidly booked recital tour. He gave four Carnegie Hall concerts in that one season, each drawing greater praise than the one before it.

"The concerts were good," Vertchamp admits, with some humbleness. "But there was a great deal lacking in my musical life. I hadn't played in a quartet — not professionally, I mean — at that time."

So Vertchamp went out and formed a quartet.

Most such ventures die a-borning, but Vertchamp had no difficulty in obtaining some of the outstanding musical lights of his day to sit with him in the quartet. The debut — some two and a half

months later — roused even blasé Gotham critics.

declared the New York Times, "showed that they could give a sensitive and delicate interpretation to the purest classic music."

"They played," said the Newark Sunday Call, "with excellent tonal balance and musical understanding."

Said the Brooklyn Eagle: "The playing of this organization is marked by its appreciative sense of style."

LATER, ON THE West Coast, Bruno Usher said from the pages of the Los Angeles Herald-Express that "if merit has its just regard, they will be well known as a foursome."

At the Examiner, Patterson Greene noted that "it was a musicianly foursome playing with mutual accord."

"The Vertchamp Quartet," summarized the Hollywood Citizen-News, "possesses a high order of musicianship, which includes a superb technique, a complete absence of the mechanical in interpretation and an excellent rhythm."

THE VIOLINIST'S new unit — the trio — is faced with the same demand in quality, the same needs for proficiency in ensemble unity that the quartet faced. Composed of Wladyslaw Przybyla, cello, and Mary Hoover, piano, in addition to Vertchamp, the stocky musician believes that the threesome will meet that test.

His declaration has been enough for musicians for decades. They will probably suffice again.

Plain talk to the man who thinks "all cars are built alike today"

SAMMET JUDGE

"The one thing we know car buyers want above all in an automobile is quality. Yet many people assume that all cars today are pretty much the same in this respect."

This is far from being the case. I can name at least 30 basic differences in the design of our '59 Mercury. Naturally, we feel these differences make Mercury a better car. For example:

EXTRA STRENGTH STARTS WITH THE FRAME
The backbone of every Mercury is the frame. We use a heavy box-type construction—the heaviest in the industry. Competitors use frames that are up to 125 pounds lighter.

WE BUILD QUALITY YOU CAN SEE
Compare the way Mercury builds engine hoods. Most competitive cars use what is known as a single-panel con-

struction. This type of hood can be twisted and turned with the slightest pressure—often flutters and vibrates when the car is in motion. At Mercury, on the other hand, we use a double-panel construction—two layers of steel with the insulation sandwiched in between. Not only is Mercury's hood more rigid, but it looks better.

YOU FEEL THE QUALITY WITH EVERY STOP...

Mercury brakes are the largest in the field—with up to 22% more brake lining than competitive cars. And only Mercury in its field has brakes that adjust themselves mechanically. You save money by eliminating periodic adjustments. And you are safer because Mercury brakes stay properly adjusted for the life of the linings.

...AND EVERY TIME YOU TAKE THE WHEEL
All 1959 Mercurys have a flexible coupling installed in the steering system.

This acts as an insulator—absorbs road shocks that would otherwise travel up to the steering wheel. Mercury, unlike some cars, gives you this with either manual or power steering.

WE HAVE PLENTY OF PROOF THAT THIS IS THE BEST-BUILT CAR IN AMERICA TODAY

We know it is the greatest Mercury ever designed and built. Never in Mercury's 20-year history have we had so much value in the product itself. Mercury has advantages everywhere over competition. The four described on this page are only typical. In future messages I'll tell you about dozens more—in styling, comfort, in everything you want in a car."

Circus Deputies at Work

Gold deputy sheriff badges with their names inscribed on them, were the surprise Saturday when Desert Circus deputies and Sheriff Bob Six held the annual kick off luncheon at the Racquet Club, with the deputies also receiving instruction and sales kits.

June Clark, who heads this year's Desert Circus, Sheriff Six, in addressing his deputies and expressing pleasure that his state of Colorado will be honored at the 1959 Desert Circus, announced that each deputy will receive a gold cowboy bracelet charm and presented the first one to Mary Jane Hicks.

Jimmy Morton introduced the deputies and asked a moment's silence for one who is missing from the group this year, Peggy Bull.

Following luncheon, the deputies adjourned to the lawn in between the tennis courts and watched a quick draw contest, staged by the

sheriff's men.

Deputy Sheriffs this year are: Helene Alexander, Connie Barlow, Joan Bering, Jimmy Rogers, Bernard, Joan Blashek, Janice Bogert, Dorothy Gray Brown, Anita Canning, June Clark, Winsome Courtney, Hildy Crawford, Taylor Dunlevie, Orpha Frank, Beverly Fretz.

Also Maxine Gerhart, Dorothy Gorham, Minnette Haber, Sadie Hall, Moya Henderson, Mary Jane Hicks, Jeanne Hull, Polly Isenogle, Anita Haskell Jones, Jan King, Joan McManus, Hilda Meyerson, Judy Pine, Marjorie Pohl, June Pollard, Georgina Poston, Edna Rothbart, Beth Scott, Ethel Strebe, Jeanne Susalla and Clessa Williams.

The wife of Colorado's Governor Mrs. Marjorie McNichols, and the wife of California's Governor, Mrs. Bernice Brown, will be sworn in as deputies upon their arrival in Palm Springs.

Purim Ball Saturday At Center

Picture on Page 2-B

The annual Purim Ball to be held at the Jewish Community Center on Saturday at 8:30 p.m., is being sponsored this year by the Men's Club of Temple Isaiah.

The Contemporaries, a dance band from Los Angeles, has been booked for the affair which will combine all the traditional gaiety of the Purim holiday. Refreshments will consist of festival delicacies including "hamantaschen" and "nahnit" as well as other items.

A highlight of the evening will be the coronation of a Queen Esther with many of the girls vying for the honor. As in the past, costumes of all varieties, from harem girls to Court jesters, will be in evidence.

Mort Rosenbaum, president of the Men's Club, has announced that several celebrities, who will be in town at the time, have accepted invitations to be guests at the affair.

Reservations may be made by calling FA 5-2055.

Purim is the Jewish holiday commemorating the triumph of justice over prejudice and celebration of the world over by Queen Esther beauty festivals and observance of this holiday started yesterday at sundown, continuing through today.

Known also as the Festival of Lots, it pays tribute to the heroines of Jewish history. It was through a beauty contest that Es-

MOTHER OF AUXILIARIES is title that has been bestowed affectionately on Rose G. Bertram, City of Hope vice president, who will address the B'nai B'rith meeting tomorrow night at the Jewish Community Center.

ther was chosen by King Ahasuerus of ancient Persia as queen. With the help of her cousin, Mordecai, Queen Esther prevailed upon the King to rescind a royal decree contrived by Haman, the grand vizier, to massacre all the Jews in the kingdom.

B'nai B'rith Meeting Tomorrow

Mrs. Rose G. Bertram, known affectionately as the "Mother of Auxiliaries," will be the featured speaker tomorrow night for B'nai B'rith at the Jewish Community Center.

B'nai B'rith Men's and Women's Groups will hold their individual business meetings at 8:15 p.m. and at about 10 p.m., the meeting becomes a joint one.

Mrs. Bertram gave up a legal career back in 1933 to join Samuel Golder in the attempt to make a medical center out of a tuberculosis sanatorium. Today the magnificent work of The City of Hope is evidence of the success of these efforts. She has organized many auxiliaries, the life line of the City of Hope.

Also a dedicated worker in B'nai B'rith, she is a former Grand President of B'nai B'rith Women, and was active in the Anti-Defamation League.

She is now retired, and living in Desert Hot Springs.

Mrs. Alfred Lehrman, program chairman, urges all members of both groups to be present for this meeting.

Villager Has Straight 'A' For Semester

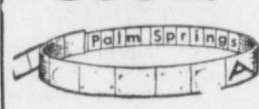

The first semester report of Gail McGrew has recently been received from Valparaiso University, showing an "A" in each of her six subjects. Inasmuch as she had passed a number of her advanced placement tests last fall, many of her current subjects are of sophomore standing. Gail McGrew graduated last spring from the Palm Valley School and received a four year scholarship at Valparaiso University, Indiana. She recently returned from a trip to Washington and New York with the University Glee Club.

Gail is the daughter of Mr. and Mrs. R. Brownell McGrew, 32-202 Rancho Vista Drive, Palm Springs, California.

Weekend Guests

Mr. and Mrs. William McCormick of Pacoima, California, spent the weekend in Palm Springs as the houseguests of his brother, Harvey McCormick on Parocela Place. While here they had a few games of golf and attended the Police Show.

Waltah Clarke's models looked cold (I mean the backs of their legs) . . . Only glimpsed Gail Robbin's strawberry blonde hair over the top of the piano . . . but I heard her . . . Phil Harris looked pretty good (I think) after his New Orleans trek . . . but pretty Alice was only a flash of orange . . . They said they were doing dance steps together . . .

From where I sat . . . (and I'm not complaining . . . a top reporter from the Washington D. C. Those old pros . . . Chico and Harpo Marx . . . got the piano moved to the other side of the stage for their act . . . (they wanted the press to see . . . knowing it's easier to write about that way) . . .

Harpo had all those sets of teeth chattering away . . . he blew colored bubbles out of his clarinet . . . and the two brothers (who drew one of the biggest hands of the evening) played a duet in an interesting fashion . . . they stood up and kept changing sides of the piano . . . and used a mallet for some of the low notes

Birthday Feted at Brunch

It was a change of scene Sunday when, because of a convention crowd, El Mirador shifted its Sunday Brunch into the South Pacific Room, with its brunch buffet set up along one side of the room, and with the dessert table poolside.

Tex Kidwell emceed the program with Billy Allen and his group playing the music. Entertainment consisted of songs by Kidwell, by Rosie Dykes and by Ed Lyman, who had Lois Lux as an accompanist.

The birthday of publicist Beth Scott occasioned the largest party, and her parents, Mr. and Mrs. Albert Scott of San Diego, were there for the celebration. Times columnist Christy Fox and her hostess Mrs. Jack Luccareni, came by to say "Happy Birthday."

The John McClures, Ed Fallgrens, Walter Brunmarks, Norm Waters, George Irvin, Bert Malouf of Los Angeles, Mrs. Lida Cotrell, Mrs. William Bannerman (Bill was watching the tournament play), Mrs. Austin McManus, Mrs. Joan McManus, Mrs. Bill Iverson and son Allen, were in the brunch birthday party which was hosted by the W. B. Maloufs.

Mr. and Mrs. Herbert Lakey had as their guests Mr. and Mrs. James Clayton and family. Clayton who is president of the CREA, addressed the local real estate board dinner at Chi Chi last evening.

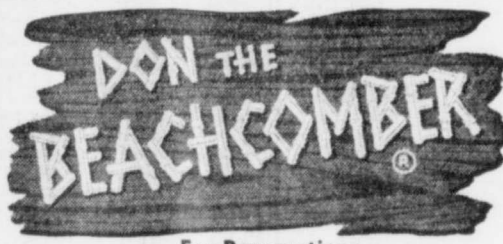

The Graham Dexters and daughter Pamela were in a group which included the Nat Dumonts, who left early to go to Los Angeles, where they were attending the Sunday night soccer which Cobina Wright gave for the Duke and Duchess of Windsor.

Among others in the brunch crowd were the Ron Ellises, just returned after a trip north.

Reception Set For Two Artists

TWENTYNINE PALMS — A reception, scheduled for 8 p.m., March 28, will be given for Elma Marvin and Irene Zimmers, two California artists who will conduct a two-man show of oils and watercolors at the Twentynine Palms Art Gallery.

The reception will be held at the gallery, located at 7395 Cottonwood Drive.

IRENE ZIMMERS, whose watercolor techniques have been developed under such noted instructors as Millard Sheets and Philip Dike, has exhibited at Riverside County Fair, at the Hemet Art Gallery and at the San Bernardino County Fair. She is a member of the board of directors of the Twentynine Palms Artists Guild.

Elma Marvin, who is currently vice president of the Twentynine Palms Artists Guild, is primarily self-taught. Formerly a piano recitalist in the Los Angeles area, she took up painting after moving to the desert in 1950.

SHE HAS EXHIBITED at the Desert Art Center in Palm Springs at the Riverside Art Center and at the San Bernardino County Fair.

The public is invited to attend the March 28 reception in the gallery. Gallery hours are 2 p.m. to 4 p.m., weekdays, and from 11 a.m. to 4 p.m. on Saturday and Sunday.

Hairdressing for Hobby

HOLLYWOOD (UPI) — Lauren Chapin, who plays the younger daughter in the "Father Knows Best" TV series, amuses herself in her spare time by pursuing the hairdresser's art.

Her mother, certain that Lauren will become a beautician when she gives up acting when she grows up, says the girl is always fussing with false hair pieces — washing, curling and combing them. When she's free at the studio, she invariably visits the hairdressing departments to try on wigs, braids and buns.

SERVICE TO SAFETY award to the Palm Springs Kiwanis Club by the Department of Motor Vehicles, was given to acting Scoutmaster of Troop 77—Tom Pollock, by Dr. George Milkie, a director of the Boy Scouts and of the Palm Springs Safety Council. Looking on at the time of the presentation is Jim Perini, right, president of the Kiwanis. (Desert Sun Photo)

DESERT HOT SPRINGS

Thomas L. Moser, ships serviceman third class, USN, son of Mr. and Mrs. Floyd G. Moser of 66-795 4th St., Desert Hot Springs, is serving aboard the attack transport, USS Paul Revere operating out of San Diego.

The J. Albert Hunts of 13825 United Road, Sunny Sands Estates, entertained over the weekend in honor of their houseguest, Robert Harvey of Tacoma, Wash.

Guests included the J. K. Hunts of Escobido, Mr. Hunt's brother and sister-in-law, and his grandniece, Kathleen Kuhn of San Diego. Also, Mr. and Mrs. T. L. Beck and daughters, Carla and Kathleen, of El Monte, and the J. Goodmans and son, John, of Hollywood.

Weekend guests of Mr. and Mrs. John Cootsodis of 66-785 Granada were their former pastor and his family, the Rev. R. Norheim, Mrs. Norheim and two of their children, Esley and Rhoda. Other visitors were Mr. and Mrs.

Oscar Bridston and sons, Ricky and Danny, of Pasadena.

The Rev. Norheim was pastor of the Immanuel Lutheran Church of Pasadena for 15 years before going into full time gospel work in traveling and radio programs. He conducts the Lutheran Gospel hour over KXLA every Sunday evening, carried by stations all over the west coast and also the far east stations.

Gunning for Business

NEW YORK (UPI) — American rifle and revolver manufacturers had a bad year in 1958 with sales off 25 to 40 per cent as surplus military arms from the U.S., Italy, Germany and England flooded the market at cut-rate prices.

However, this year gunmakers plan to introduce a variety of eye-catching new products including one rifle made partly of solid nylon and another weighing only four pounds.

enjoyed the baths and the sunshine as this was their first visit to the desert.

Visiting at the home of Paul Underwood, 65-934 Acoma, for the past two weeks were his brother and sister-in-law, Mr. and Mrs. Warren Underwood of Peoria, Ill., and his sisters, Mrs. Frank Miller and Mrs. Gertrude Foote, both of Beaver Dam, Wis. They have now returned to their homes in the cold country.

Dear Abby...

... by Abigail VanBuren

DEAR ABBY: I am a woman of 62 years and before I die I would like to know the answer to a question that has been on my mind for years. Is there such a thing as "dog language"? I mean when dogs bark, are they trying to say something? I have heard dogs bark at one another and I do believe they understand each other because they seem to reply. Please don't toss this away. Abby, thinking it is too foolish to answer because there might be others who have wondered about this, too.

DEAR CURIOUS: I have also observed canine communications and although I don't know who could be considered the final authority on this subject, I would say there is definitely a "dog language." (But we don't know the "art" of it.)

DEAR ABBY I wish you could help me. I have 5 children and another on the way. My husband is good looking and is constantly getting into trouble. He likes the women. Last year it was my sister I couldn't take it so I threw him out. Welfare has been supporting me since June. He has started coming back for meals and he wants his clothes washed and he even sleeps here. He isn't supposed to be here at all. If the Welfare finds out they'll stop my check. I told him if he liked it at home so much he should work steady and live here. But he says he can't stand the kids. I would like to have him here, Abby, but should I let him stay if he doesn't

support me? I am 23 years old. TROUBLED: Talk to your case worker. If your husband sincerely wants to live like a decent family man he will get a job and support you and quit tomcatting around. Before a 23-year-old woman brings five children into the world (and number six coming up) she should know whether her husband "can't stand kids."

DEAR ABBY: Now I've heard everything! A grandmother who puts her four-year-old grandchild into a cage because he touches objects he has been warned not to touch. Why doesn't she do what I do? I make up interesting little stories about each "untouchable" object in my home and when my

grandchildren go to touch it I tell these fantastic tales so convincingly that they wouldn't think of touching any of my "untouchables." EXPERIENCED: DEAR ABBY: That grandmother who put her 4-year-old grandchild in a CAGE sure had the right idea. What this country needs is more grandmas with bigger cages. Then we would see fewer kids with faded tight blue jeans and dirty white shoes smooching it up with girls in dark movie houses.

Want to be popular? Get ABBY's booklet, "What Every Teen-Ager Wants To Know." Send 25 cents and a large, self-addressed stamped envelope to ABBY, care of this newspaper.

What we already know about your 1963 car

The engine of your 1963 car will be lighter and will give you improved performance, including better gasoline mileage.

We know this because Standard's scientists are already developing gasolines of the future. To test them, we use experimental engines installed in current model cars. The engines are obtained from auto makers and modified in our laboratories to match engine design forecasts.

These future fuels are given the toughest possible workout — on the road, as well as on this "indoor highway." Here we can create almost any kind of

weather or driving situation at the touch of a button.

Gasolines are tested at varying speeds and engine loads to simulate mountains, traffic, freeways... under climatic conditions ranging from 120° desert heat to 40° below zero cold.

Your car of the future may never experience such punishing conditions. But if it does, we'll be ready with gasolines that will deliver all the power and performance built into its engine. Research that leads to new and improved gasolines is one of the ways the people at Standard are planning ahead to serve you better.
